

If you were to come along the A41, with the Mere Park Garden Centre on your right hand side, you would come to a roundabout where the third exit is the A518 to Gnosall and Stafford. Take this road, after approximately 400 yards you will see a road sign advising you of a side road to the left in 300 yards - immediately after that sign is the entrance to the car park (the entrance also

has tractor tyres either side which have been planted with flowers), turn left into the car parking area and park your car sensibly along one of the fences.
